

Woven Basket Supply List

Supply List:

- 10 2 ½" x WOF strips of fabric
- ¾ yard fabric for binding and bottom of basket
- ¾ yard of single-sided fusible fleece – (987F) Fusible Fleece by Pellon or (WS426) Light Fusible by Bosal
- ½ yard double-sided stiff interfacing – Peltex II by Pellon or Craft-tex Plus by Bosal
- Matching or coordinating thread
- Sewing machine with free arm in good working order
- Scissors, straight pins, seam ripper
- Rotary cutter with new sharp blade and cutting mat
- 6" x 12" ruler
- Iron and pressing mat
- Teflon sheet
- Hand sewing needles

Optional:

- Clover clips
- Embellishments like buttons or handles for your basket (not needed until night 2)

Special Notes:

PLEASE have the following materials cut when you come to class:

1. 10 strips of cotton fabric cut 2 ½" X WOF
(Cut 2 1/2 " fabric strips the full width of cotton fabric, generally 42/44" wide)
2. 10 strips of single sided fusible fleece cut to 1 ¾" x 45" (I like Pellon 987F)

It is super important to have these materials cut and ready when you get to class to complete the project in the two class time frame. You do not need to fuse the fleece to the fabric strips, we will do this in class.

There is hand sewing that will need to be done to complete your project.
